INTRODUCTION

This document is the official safety statement of Cullaun Sailing Club (hereafter referred to as “the club”). It is complimentary to, and in addition to, the club’s constitution documented in the Memorandum and articles of Association. As such it must be read, understood and adhered to by all club members.

This document has been prepared in line with the Safety, Health and Welfare at Work Act, 2005, (S.I. No 548 of 2005) and the Safety, Health and Welfare at Work (General Application) Regulations, 2007 (S.I. No 299 of 2007).

The Primary purpose of the statement is to safeguard the club Members and all those involved with and affected by its activities. The individual member is in the best position to ensure his or her safety by exercising care, using common sense and following safety rules contained within this document.

1. GENERAL

1.1 Overall aim of the Club

The clubs goal is to promote and facilitate the sport of amateur sailing by enabling members to pursue their interest. This is done by offering the opportunity to learn and improve sailing skills through a number of courses and events run annually.

1.2 The Committee

It shall fall upon the Committee to decide upon, implement and enforce the safety statement. The committee will be supported by the Club Safety Officer.

1.3 Safety Declaration

Cullaun Sailing Club is committed to the provision of a safe and healthy environment, ensuring, so far as is reasonably practicable, the health, safety and welfare of its members, guests and users of its facilities.

1.4 Statement of Policy and Intent

It is the policy of Cullaun Sailing Club that all members are responsible for safety and that the Committee ensures that relevant safety training and instruction are available to its members.

The Club strives to achieve and maintain of a high standard of health and safety on its premises, and in all activities conducted under its jurisdiction.

All members, employees, visitors and contractors are responsible for addressing their own safety needs while engaged in Club activities or while on the Club premises paying particular attention to the needs of juniors.

The Club will take all reasonably practicable steps to fulfill its responsibility and will pay particular attention to meeting the requirements of the Safety, Health and Welfare at Work Act 2005 and all relevant statutory provisions.

The Club requires all members to display a positive attitude towards Health and Safety and abide by the Club Rules and Sailing Instructions.

Signed Date.....
Commodore

2. SAFETY POLICIES

2.1 General

- Dinghy sailing is by nature a wet sport and capsizing is a normal expectation. It is recommended that sailors should be able to swim and if not, be confident in the water in the event of capsizing.
- Sailing boats must be in good state of repair and must have suitable buoyancy to remain afloat in the event of a capsizing/being swamped. It is recommended owners should perform a buoyancy test on their boats annually.
- Boat owners are responsible for repair and maintenance of their boats.
- Only club members may use club sailing and rescue boats and equipment.

2.2 Before Sailing

- All members must make themselves aware of where the first aid kits are located.
- Placed inside Cullaun Sailing Club house will be a list of emergency telephone numbers. It will contain contact numbers for the Emergency Services.
- Members, especially recent members who are new to the area, should make themselves fully aware of the particular conditions in which sailing takes place at Cullaun Lake. If unsure on any matters it is that member's responsibility to ask and clarify the issue. There shall be no sailing between sunset and sunrise

2.3 While Sailing

- Whilst launching/retrieving a boat and whilst on the water all members shall wear suitable buoyancy aids at all times. It should be noted that wetsuits and dry suits by themselves do not count as suitable personal buoyancy.
- Suitable clothing and footwear must be worn at all times whilst on the water. This must be appropriate not only to the activity but to the sailing conditions. Non-slip footwear is recommended. The wearing of an adequate wet or dry suit is recommended to all members at all times while afloat.
- A manned rescue boat must be on duty for all club organized sailing activities. Sailing without rescue cover is discouraged. Those who do so, sail at their own risk.
- The number of rescue boats on the water should be appropriate to the number of boats sailing and the weather conditions.
- When driving a rescue boat a kill cord should be worn by the driver at all times.
- The rescue boat should carry the following items: towing lines, knife, emergency buoys, an anchor, oars and a bailer.
- All members should be aware of the statutory provisions affecting them whilst on the water. In particular s.422 Merchant Shipping Act in respect to the legal duty to assist another vessel in distress. Also, that it is the responsibility of the person in charge of each vessel as to whether to launch or not and subsequently whether to remain sailing.
- All sailing boats must have adequate drainage equipment on board (hand bailer/bucket, self-bailers).
- All sailing boats must have adequate buoyancy so that it will float when fully inverted or fully swamped. It is recommended boat owners perform an annual buoyancy test on their boats.
- All sailors are to be familiar with the basic right of way rules while on the water.

2.4 While on club property (compound, clubhouse)

- Car parking within the club compound/perimeter fence is prohibited. Cars may enter the compound only for the purpose of towing/delivering/removing a boat.
- Clear access to the compound is essential in the event of an emergency. Car parking on the entrance road to the compound is prohibited.
- Boat owners must park their boats in allocated positions.
- Road trailers must not be stored in the compound.
- Be aware of and considerate of other Club members and users of the facilities.
- When using the clubhouse/changing rooms, members should be aware of slipping risk due to wet floors.
- The Club does not have a regular waste collect service. To maintain the facilities and prevent littering, all members should remove their waste when leaving the club facilities.
- Use of the gas stove in the clubhouse must always be under adult supervision.
- Gas and engine fuel and any combustible materials should not be stored in the clubhouse. They should be stored in the steel storage container.
- Horse play or other such like activity is not permitted in the club compound.
- There is no electricity supply in the club and therefore no public lighting. Activity in the compound and club house after sunset should be kept to a minimum. If necessary members should provide their own lighting.

3. DUTIES AND RESPONSIBILITIES

The following are the duties and responsibilities of Club members, officers, committee members, volunteer workers and staff with regard to safety:

3.1 Members

All members are obliged to read this Safety Statement and Operations Manual and must:

- Have regard for all safety training and instruction;
- Comply with all notices relating to safety including, but not restricted to, Sailing Instructions;
- Observe safe systems of work and follow safety and operating instructions that are implemented by the Committee;
- Take reasonable care for their own safety and that of any other person who may be affected by their action or omission;
- Co-operate with the Committee in the application of relevant safety legislation, statutory instrument regulations and codes of practice - members should note that failure to co-operate may lead to a case of contributory negligence in the event of injury being caused to a Member;
- Not intentionally interfere with or misuse any equipment, appliance or information provided in compliance with the legislation for security, health, safety or welfare;
- Use equipment supplied by the Club on designated work parties for their own safety, health and welfare;
- Be familiar with the operation of the Club's safety equipment including fire extinguishers;
- Draw to the attention of visitors or other third parties relevant safety issues; and
- Report any unsafe practice being carried out by another member, a visitor or a contractor to the Safety Officer. This reporting may be verbal or in writing and may be made anonymously.

All members of the Club should be aware of the legal principle of “*volenti non fit injuria*” which means that where an adult participates voluntarily in an activity, which includes known and obvious hazards, they accept the risks associated with the activity.

3.2 Safety Officer

The Safety Officer in Cullaun Sailing Club is:

Name: Mr. Tom Mchugh
Address: 14 Vartry Avenue, Raheen, Limerick
Contact Details: 086 0533271

The duties of the Safety Officer include but are not restricted to the following:

- Guide and advise the Club committee, management and staff on all safety, health and welfare matters;
- Ensure all safety, first aid and fire equipment is regularly serviced and maintained in good working order;
- Have safety audits carried out on a regular basis and report findings to the Committee;
- Investigate all reports of incidents, draw members’ attention to the Safety Statement and communicate safety information to those affected by the Club’s activities.

3.3 Commodore and Committee

The business and affairs of the Club are under the direction of the Committee in accordance with the Constitution and Rules of the Club. The Commodore is an officer of the Club and Chairman of the Committee. Committee members are responsible for the day to day safety within the areas under their control.

The Commodore and Committee are responsible for:

- The implementation of the Safety Statement and pursuing the objectives of the Club in respect of health and safety;
- Ensuring that all activities under the control of the Committee are carried out in accordance with the Safety Statement;
- Monitoring the effectiveness of the management of health and safety of the Club’s activities and its premises;
- Investigating accidents, hazards and dangerous occurrences on the Club premises, surroundings and in the sailing area;
- Ensuring that the Committee lead by example in good safety practices;
- Ensuring that a system is in place for reporting all accidents to the Safety Officer.

Specific responsibilities of individual officers related to safety are:

- Secretary: Ensures that all safety matters are discussed and documented at Committee meetings.
- Treasurer: Ensures that the Club Insurance is always up to date and paid in full.

3.4 Junior Organizer

The Junior Organizer organizes sail training and other activities for the junior members of the Club particularly the annual ISA Junior Training Courses run in the summer.

The Junior Organizer must take into account the Health and Safety Guidelines laid down by the Irish Sailing Association (ISA) and the implementation of those guidelines as well as ensuring that the Club's own Safety Statement and Procedures are adhered to at all times in the organization of activities for junior members.

The Junior Organizer has overall responsibility for the safe organization and running of the junior sailing courses and needs to ensure that the Senior Instructor along with other Instructors comply fully with all safety requirements laid down by the Club and the ISA for junior sailing activities.

3.5 Senior Instructor for the Junior Sailing Courses

The Senior Instructor is appointed by the Junior Organizer and Club Commodore to manage the team of instructors for the junior sailing courses in the summer.

The Senior Instructor will be responsible, in particular on the junior sailing courses for:

- The safety of all participants;
- The safe condition and use of equipment provided;
- Maintaining acceptable levels of behavior;
- Supervising the security/issue/return of vessels and equipment; and
- Comply with the clubs child protection policy.

The Senior Instructor should always carry a charged mobile telephone when on the water in a secure dry container. The Senior Instructor will also complete a site specific risk assessment prior to each on the water session. In carrying out these duties the Senior Instructor will:

- Assess the prevailing wind/sea/river and tidal states;
- Obtain a current weather forecast;
- Be aware of shipping movements;
- Be familiar with local by-laws, regulations and notices to mariners; and
- Be aware of local dangers/features and obstructions.

Having due regard to the above, the Senior Instructor may reduce the areas of operation and/or the number of participants whilst conforming to ISA Guidelines concerning instructor/student ratios.

3.6 Instructors

Instructors are employed by the Club through the Junior Organizer to teach on the Junior Sailing Courses organized in the summer. Under the management of the Senior Instructor they are responsible for:

- The safety of all participants;
- The safe condition and use of equipment provided;
- Maintaining acceptable levels of behavior; and
- Supervising the security/issue/return of vessels and equipment.

3.6.1 Instructor Induction

Instructors (including the senior instructor) will receive induction training at the start of their employment. Induction training will be carried out per the checklist in Appendix 3

3.7 Junior Sailing Course Participants

Junior sailing course participants are members of Cullaun Sailing Club and must abide by the safety provisions in guidelines for junior courses which are sent to all parents/guardians at the time of enrolment on the courses. Failure to comply with safety instructions and guidelines may result in disciplinary action being taken.

3.8 Safety Boat Operators

All Safety Boat Drivers should:

- Have a minimum of ISA level 2 powerboat certificate or be competent/ experienced;
- Have a sense of responsibility;
- Wear a suitable buoyancy aid at all times when on the water;
- Have the ability to recognize developing situations;
- Always use a kill-cord when operating the rescue boat;
- Speed should be minimized when close to other water users; and
- Ensure required safety equipment is on the rescue boat prior to launching (paddles, first aid kit, kill switch cord, towing ropes, anchor, and safety knife).

When on duty, the rescue boat should be manned by two people (driver + one lookout). Other than performing a rescue or emergencies, the rescue boat should not carry more than two adults. Standing up in the rescue boat is prohibited when under way.

In the event the Safety boat operators are also fulfilling OOD duty, the primary responsibility is safety/rescue activities. OOD duties are of secondary importance.

3.9 Officer of the Day (OOD)

The OOD is responsible for the management of racing activities organized by the club. He/She is the ultimate decision maker on the conduct of racing on the day. The safety duties of the OOD include the following:

- Check the weather forecast;
- When there is a gale warning in the area for the period of racing, racing should be cancelled and rescue boats should not be launched, except in an emergency;
- Have regard to any winds which cause difficult localized conditions around the lake;
- Brief Safety Boat crews as regards duties and what is required;
- Report any deficiencies to the Safety Officer or Club Committee;
- Report and document any safety incidents to the Safety Officer; and
- Ensure there are sufficient safety boats on duty and are adequately manned for the weather conditions and experience of sailors.

4. Risk Assessment

The law states that the Club must do what is 'reasonably practicable' to keep the working environment safe. Accordingly, the risk assessment (Appendix 3 of this document) aims to identify those hazards which currently exist and what the Club can reasonably do to reduce or eliminate them. For each activity, hazards are identified and control measures are listed.

5. Incident Procedures

An incident, for the purposes of this safety policy, is defined as an event, which did, or could have caused, significant injury to persons or which did, or could have caused, significant damage to boats or other equipment.

All incidents must be reported to a committee member on the 'Incident Form' in Appendix 1 at the earliest practicable opportunity or within 24 hours, whichever is sooner.

When filling the form in take care to include all conditions, which may have had any bearing on the incident, involved. This must include some indication of the weather and lake conditions and your opinion on how the others involved in the incident acted.

Following this the sub-committee will read the reports and decide if any further action is to be taken. This will include further inquiry into the incident resulting in revising this safety statement and disciplinary procedure or other appropriate measures.

6. Insurance

It is mandatory that all owners of boats should have 3rd Part Liability Insurance with minimum cover to €3,000,000.

7. Swimming Policy

The Club strongly recommends that all members, junior and senior, should be able to swim.

8. Photographic and Video Policy

The Club will from time to time take photographs/video for promotional purposes. Personal details (name, address, contact detail) will not accompany any photographic image or video.

Parental permission will be sought for use of such images when children enroll on Club training courses.

Professional or amateur photographers/film/video operators wishing to record an event or practice session s must seek permission from the Club and complete the form in Appendix 4.

9. REVISION OF THE SAFETY STATEMENT

This safety statement will be reviewed annually and subsequently revised with the aim of reinforcing the safe environment already prescribed.

10. PUBLICISING THE SAFETY STATEMENT

An up-to-date copy of this statement will be available to all members on the sailing club web site at:

www.cullaunsailingclub.com
